Greetings _____, (Mayor/Chairman's name)

Recently in our nation and State, we have experienced an unfortunate series of incidents resulting in the death of Aumad Arbery. The eyes of the nation are on Georgia to make a bold statement in saying " Never Again!" This past legislative session, the Georgia General House of Representatives and the Georgia State Senate recently passed Georgia's Hate Crime Bill. Now we have an opportunity to move Georgia forward on repealing an outdated law that was established in 1863. HB 1203 is a bi-partisan effort from Democrats and Republicans to another unfortunate incident by repealing this outdated law. Please join the movement to move Georgia forward by sponsoring a local resolution in support of repealing this law. Attached is a copy of HB 1203. Please feel free to contact me should you have any questions.

Yours in service,

Representative Carl Gilliard
